Córdoba, España · LinkedIn · +34 645 13 11 03 · damalexcolo@gmail.com · Portfolio

Software Developer with over 2 years of experience, specialized in web and cross-platform applications.

Trained in Web and Multiplatform Application Development, with hands-on experience in SAP/ABAP4 through my internship at Accenture. I have contributed to impactful projects such as the implementation of cyber kiosks for public administrations, improving citizen access to municipal services by working with .NET and Angular. I am currently seeking my first professional opportunity as a developer and would be delighted to join a team where I can continue growing.

PROFESSIONAL EXPERIENCE

Accenture **Málaga,España**
Regular Contractor *March 2025–June 2025*

- Application Delivery Fundamentals SAP ABAP.
- Analysis, extraction, and loading of data, as well as testing and validation of data integrity.
- Ongoing training in SAP architecture, ABAP4, and S/4HANA.
- Development of a RESTful application.

Sepalo Software **Córdoba, España**
.NET & Angular Developer *March 2024–June 2025*

- Developed and implemented automated payment kiosks for more than 15 Spanish autonomous communities.
- Optimized user experience in cyber kiosks, facilitating access to municipal services such as issuing residency certificates and paying taxes.
- Integrated secure payment systems and real-time data validation for municipal transactions.
- Improved citizen accessibility to public administration, reducing the need to travel to urban centers.
- Collaborated in multidisciplinary teams applying Agile methodologies and best practices in code documentation.

EDUCATION

IES Luis Carrillo de Sotomayor — **Córdoba, España**
Student of Cross-Platform Application Development (DAM) — *June 2023*

IES Luis Carrillo de Sotomayor — **Córdoba, España**
Student of Web Application Development (DAW) — *June 2025*
